

## Tank and silo cleaning

**Fast - professional - eco-friendly:** three keystones for the impeccable quality of clean transport tanks for the chemical and food industry. Whether tank cars or platform trucks with tarps: as a full-service provider, Logwin cleans the interior of transport tanks and vehicles quickly and thoroughly. You avoid expensive empty trips while saving time and money.

### **Full-service**

In addition to the controlled interior cleaning of tank trucks, wagons and containers, Logwin also offers the fast exterior cleaning of tarp trucks, trucks over 3.5 tons and refrigerated containers. Trained staff guarantees professional advice as well as compliance with all legal requirements and the highest quality standards.

### **Certification for a guaranteed quality**

Logwin systems are certified according to ISO 9001:2000, ISO 18001:1999 and ISO 14001:2004 and standardized according to SQAS. A certificate for each cleaning operation is issued after the final inspection.

### **No more one-way trips**

Take advantage of the synergy effects and save both time and money. We guarantee a fast and uncomplicated cleaning operation without long waits. The vehicle can quickly be reloaded, saving unnecessary empty kilometers and creating a competitive edge.
