

Logwin Group: Rebranding of companies

Grevenmacher (Luxemburg) –The companies of the Logwin Group in Germany, Austria, Switzerland, Belgium, Liechtenstein, Luxemburg, and the Netherlands as well as all Air + Ocean-companies will change their names to Logwin on July 1, 2008.

This means that in Germany Birkart Globistics air + ocean, BTS Delhey, Danner, GAT, Locton, Microlog, Südkraft, Thiel FashionLifestyle, Thiel Media, and some further 15 companies will start using this name. Together with other companies in Austria and Switzerland Delacher, Nunner, Quehenberger, and Welz will become Logwin.

For the first time in the history of the logistics group all companies will bear the common name Logwin as part of their company names. In April, the former Thiel Logistik AG was renamed to Logwin AG upon resolution of the Annual General Meeting. Starting from July 1, 2008 the new brand name Logwin will be present in the European core markets as well as in further major markets outside of Europe.

“We are pleased that Logwin will now become visible to our employees and our customers. The common brand name shows that we have evolved from a relatively loosely connected conglomerate of companies to an integrated logistics group, “explains Berndt-Michael Winter, CEO of Logwin AG. “Logwin creates maximum transparency – scale and services range of the group are now much faster and easier recognizable for our customers.”

However, not only the name of the companies will change on July 1. In addition the market appearance will be switched to Logwin, including e.g. going live with the new common internet site www.logwin-logistics.com, new company signs on buildings and new vehicle labellings as well as an image campaign in selected print media. Even on the launch day all 150 locations in Germany will have new company signs and more than 100 vehicles with the brand name Logwin will be on the road.
