

## **Logwin Full of Energy for a Good Cause: Strong Team Performance at the Wings for Life World Run**

**Logwin delivered an outstanding performance at this year's Wings for Life World Run: With nearly 1,200 participants from 44 countries, the Logwin team surpassed last year's level of engagement and collectively covered around 8,000 kilometers for a good cause — a remarkable demonstration of team spirit and global commitment.**

Running together for a good cause. Team spirit, endurance, and a shared mission: At this year's Wings for Life World Run, Logwin once again sent a strong message of solidarity and social commitment. With around 1,200 participants worldwide, the company achieved an impressive fourth place in the international team ranking.

Under the motto "Running for those who can't," Logwin employees took part in 44 countries around the globe. Together, the "Logwin Racer" covered an extraordinary total distance of nearly 8,000 kilometers, actively supporting the global fundraising initiative for spinal cord research.

"Social responsibility is very important to us at Logwin. The Wings for Life World Run has been an integral part of our corporate culture for many years. We are proud of the many dedicated 'Logwin Racer' who once again joined the event this year," said Stefan Brauneis, Managing Director of the business segment Solutions.

### **Strong Presence in Vienna**

One of the highlights of the event was the flagship run in Vienna, where 120 "Logwin Racer" participated together. With great enthusiasm and commitment, they proudly represented the company on-site and became part of a global running event involving thousands of participants worldwide.

### **Supporting Research Worldwide**

Beyond the athletic achievement, the primary focus remained the charitable cause. Altogether, the Logwin team raised a five-figure donation amount, which will go entirely to the Wings for Life Foundation. The foundation funds research projects around the world with the goal of finding a cure for spinal cord injuries.

### **Commitment Beyond the Finish Line**

By once again participating in the Wings for Life World Run, Logwin reinforces its commitment to social responsibility and sustainable initiatives. The team's strong position in the global ranking and the high level of participation demonstrate once again that when it comes to shared goals, the Logwin team performs at its very best.
