

## Logwin Wings for Life World Run

**A team that racks up kilometers even in their free time. Always well received. Especially at the Wings for Life World Run 2024.**

**Vienna (Austria)** – With their impressive performance at this year's Wings for Life World Run, the Logwin Racers not only demonstrated their athletic endurance but also their determination and teamwork - qualities that also come into play in their daily work in the logistics sector.

**Together for a good cause: Logwin Racers achieve impressive fundraising totals and running distances.**

This year's Wings for Life World Run was also a great success for Logwin, and we are proud of our significant fundraising total of € 30,534.80! With 2,267 racers from 30 nations worldwide, including more than 100 starters at the flagship run in Vienna, we once again demonstrated our presence and commitment to a good cause.

Particularly noteworthy is the outstanding performance of our runners: The best Logwin Racer, from South Africa, covered an impressive distance of 45.07 km, while the best female runner from Germany covered a distance of 21.22 km.

What makes the Wings for Life World Run so special for us at Logwin is the participation and commitment of our colleagues, families, and friends at all our locations worldwide. Together, we celebrated the run and focused on the common cause for the good of others.

Preparations for next year have already begun, and we look forward to continuing our support for the Wings for Life Foundation.
